March 2015 Newsletter: Client News: "MangoTree Expands Business Ventures to Include Capital, Benefits and Pro"

Satish Dharwadkar, president of MangoTree[®] Capital, LLC (MTC) and on-site client of the Macomb-OU INCubator, has expanded the MangoTree brand to include MangoTree Pro, LLC and MangoTree Benefits, LLC.

Satish has grown his wealth management business, MTC, with a 36 percent increase in assets under management from year-end 2013 to 2014. MTC was the initial business of the venture, servicing individuals and businesses with disciplined portfolio management using quantitative models.

MangoTree Benefits, LLC, was recently launched as a life and health insurance agency to help individual and business clients with their insurance needs.

Satish's upcoming launch is that of MangoTree Pro, LLC, a web portal project to help small business owners in the Detroit area conduct supplier search for common business functions, such as accounting, law, payroll, financial, bank lenders, investors, office space and incubators. Satish plans to utilize Oakland University interns for Phase I of this technology-sandbox project, scheduled to launch in May.

MangoTree Capital, LLC is an independent Registered Investment Adviser firm offering investment advice and disciplined portfolio management using quantitative models. The principals and team members are industry-seasoned investment, portfolio management, quant technology (trading systems), and client service practitioners. MTC provides stable and enjoyable investment experience by integrating client goals with disciplined portfolio management while maintaining maximum account transparency through client account custody at an independent broker/dealer. MTC considers risk management and return equally important in pursuit of growth and income of assets.

More information can be obtained at mangotreecapital.com. Inquiries regarding the internship opportunities should be directed to Satish Dharwadkar at mangotreepro@gmail.com.
